Bâtiment Guinea Ecuatorial is a subsidiary of Bouygues Bâtiment International. Bouygues Bâtiment International operates in twenty countries worldwide via a network of local subsidiaries or involvement in major construction projects with high added value. It draws on its capacity for technical and commercial innovation, highly specialized engineering expertise and project management capabilities for a wide range of building projects, including office spaces, hotels, airports, schools, housing, exhibition centers and leisure facilities.

Specializing in complex projects, Bouygues Bâtiment International aims to provide its clients with a range of innovative financing, design, construction, operating and maintenance solutions for their construction projects and strives to build a sustainable partnership with them.

Country: Equatorial Guinea

Headquarters: Contournement Malabo II - BP 735 Malabo
