info@gmlge.com

GML is on-the-ground at the heart of the growing energy/infrastructure development sector in one of the world's fastest growing economies

Inform

Providing, researching and obtaining timely turnaround on all aspects of licensing, certifications, and approvals to do business, as well as the current and future environment for particular projects and developments

Innovate

Whether its green energy solutions, or sustainable resource management, and industrial development, GML is your source for creative, cutting-edge solutions. Employing a multi-disciplinary staff, who function as a team of experts, international development practitioners, representing various countries and fields, GML brings the finest intellectual property, technologies, research and implementation support to your project.

Interconnect

Linking you to and with the services and resources you need for success in this market. Let us be your liaison and facilitator. We offer you the ability to access and understanding the African Business environment— culture, personalities, behavior, marketing issues, purchasing and leasing cycles, including development plans.
