The Nickel SL. is an Engineering Oil Servicing Company established to providing excellent services to oil producing companies through our well reliable, qualified and trained locals and experts drawn from all over the world.

The Nickel S.L. is aimed to providing services to offshore and onshore oil operating companies in areas ranging from specialized NDT services to Integrity Engineering supports.

Our operational headquarter is based in Malabo, the capital of Equatorial Guinea. We are dedicated to providing and promoting excellence and reliability in our services to our noble clients

Services Overview

Our technical capabilities cover a broad range of the conventional non-destructive techniques. Our highly qualified inspectors follow the latest working procedures, which are set out in our quality management system. They know the industry and are dedicated to delivering a best-in-class service. We make sure the people on each job site have the latest knowledge and technology. They deliver a service that meets specifications, and they have the flexibility and talent to respond to the unexpected.
